

## RED CROSS GROWING

**LOCAL CHAPTER IS COMPELLED TO ARRANGE FOR MORE ROOM**

Red Cross headquarters on Brand boulevard was a busy place yesterday with adult and child workers coming and going and chairmen trying to answer all the inquiries addressed them concerning their special branches of work.

Flaunting its gay colors like a poster, in the foreground was spread the woolen blanket knitted by the deft fingers of schoolboys and school girls, some of them in the grades, some students in Union High. It is an excellent way to employ them because the work can be so largely distributed. It is knitted in squares which measure 6 1/2 inches, and when sewed together the blanket measures seven squares by ten squares. Each knitter is permitted to exercise her or his fancy upon the design, but in the center are five blocks of solid scarlet which form the red cross. The boys purchase the wools they use. The girls knit up odds and ends of wool which are donated to the chapter. When wool is not to be had, they knit cotton yarn into washrags. The boys are said to be more critical about their work than the girls, and are very particular to have it just right. Mrs. Gibson, one of the High School teachers has a whole class of boy knitters. Mrs. Carter is the chairman of the knitting department of the chapter.

The surgical dressings department has been too cramped by lack of space at headquarters to do its most effective work, and arrangements are being made to give it a room to itself, probably in an adjoining building. Mrs. Tuft, who has charge of the department, says they have thirty-five workers enrolled but have been able to work only twice a week because other departments needed the room on intervening days. They use 100 yards of gauze each day they work. The proceeds of the bazaar, which is to be held Friday, are expected to furnish funds with which to buy materials for this and other departments.

More room is also needed for classes in home nursing, in which interest is growing, particularly among those who have taken first aid training. Drafts of nurses and physicians are going to deplete the supply of professionals, and during the next five or six years soldiers who will need care will be coming back, therefore government officials are urging communities to learn how to take care of their injured and afflicted.

### Dietetics

The Chapter also hopes to establish a course in dietetics, but has not been able to secure a satisfactory teacher thus far.

### HOLIDAY BUSINESS

According to Mr. LeGrand, local agent of the Pacific Electric, holiday business so far as freight and express are concerned, has hardly begun yet and will not start for the final Christmas rush until the 15th. The freight business of the past six months, he says, has been very satisfactory and has increased over last year in proportion as the town has grown. The handling by his office of tickets for the Southern Pacific Railroad, so that Glendale patrons can make all arrangements here instead of applying to the Los Angeles office, has considerably increased his business.

At the post office patrons are more in advance. At the Tropico office Postmistress Myers stated the rush had begun and she expected to be jumping busy from now until the 25th. As far as she could judge from present indications, the holiday business would be just as heavy as usual.

### EXPERIENCED MISSIONARY

Tuesday afternoon Mrs. S. E. Grant went over to Pasadena to the Peabody Home, a Presbyterian Mission Home for Missionaries on their vacations, to call on Miss Sarah H. Chapin, a missionary in charge of the San Miguel Mission of Southern Arizona. Miss Chapin returned with Mrs. Grant and will remain at her home as a guest of the family for some time.

Miss Chapin has been in government and mission work with the Indians in Kansas, Nebraska and in Arizona for 22 years.

### BOY SCOUT MEETING

A meeting of Troop 1, Boy Scouts of America, will be held at the residence of Charles Guthrie, 523 W. Ninth street, Glendale, Friday evening at which it is desired that all scouts be present, as matters of importance will be taken up.

## BRITISH STOP BIG GERMAN ASSAULT

**GREAT DRIVE LONG PREPARED FOR BY PRINCE RUPPRECHT AT CAMBRAI SEEMS TO HAVE BEEN STOPPED**

(Special Service to Glendale Evening News)

LONDON, December 13.—In the most formidable attack yet launched by the Germans around Cambrai the British have apparently stopped Crown Prince Rupprecht's long-prepared attempt to break the British hold. Two assaults were made after violent artillery and both were repulsed despite the greatest concentration of men and guns the Germans have shown in this sector. Bavarian shock troops were rolled against the British line. Great masses of men were wiped out. The drive now seems arrested. The enemy suffered heavily.

## KORNILOFF'S CAPTURE IMMINENT

**DISPATCHES RECEIVED IN LONDON STATE THAT BOL-SHEVIKI HAVE REBEL TROOPS SURROUNDED**

(Special Service to Glendale Evening News)

LONDON, December 13.—Gen. Korniloff has been defeated and himself wounded in fighting the Bolsheviks, according to reports received from that faction today. The dispatches insisted that the capture of Korniloff and his entire force is imminent.

The Bolshevik commander claims to have the rebels surrounded. Other dispatches say the railway union refused to transport Gen. Kaledine's troops to his rebel colleague.

According to observers there is little possibility that the Kosack uprising will succeed.

## AMERICAN AMBULANCE CORPS IN ITALY

**THREE UNITS WITH 110 AMERICAN UNIVERSITY STUDENTS IN DETACHMENT LEAVE FOR FRONT TODAY**

(Special Service to Glendale Evening News)

ROME, December 13.—The first American ambulance section entering the service on the Italian front departed from Milan today. This consisted of three units comprising 65 ambulances and 110 American university students.

## ASK VOLUNTEERS FOR U. S. GUARD

**TWENTY-FIVE THOUSAND MEN ARE WANTED TO RELIEVE TRAINED SOLDIERS FROM POLICE GUARD DUTY**

(Special Service to Glendale Evening News)

WASHINGTON, December 13.—The organization of a "United States Guard" 25,000 strong to relieve soldiers and militia men from police guard work was authorized by the war department today.

This guard is to be raised by voluntary enlistment if possible and the authorization calls for volunteers in that number. But the draft will be resorted to if necessary, it was said.

## CALL OFF ST. PAUL STRIKE

**TWENTY THOUSAND MEN WHO WALKED OUT THIS MORNING ORDERED TO RETURN TO WORK AT NOON**

(Special Service to Glendale Evening News)

ST. PAUL, December 13.—Labor leaders at noon today agreed to call off the general strike designed to cripple all industries in the Twin Cities. Today at 1 o'clock every man of the 20,000 who walked out this morning was ordered to return.

In several instances men who had quit work a few hours before were refused their positions when they returned.

The action calling off the strike followed advice from labor leaders in Washington that President Wilson had promised an investigation of the issue. This complies with the demands of the union men.

## DISCLOSURES IN MILITARY PROBE

**GEN. CROZIER BLAMES SECRETARY BAKER FOR DELAY IN PROVIDING MACHINE GUNS FOR AMERICAN ARMY**

(Special Service to Glendale Evening News)

WASHINGTON, December 13.—Eight months after the United States has been at war, the rifle factories of the country are making only half as many guns as were produced for the Allies before America entered the war; the machine guns officially adopted for the American army have never been given a test under actual war conditions; thousands of men in the cantonments are without rifles to complete their training. These disclosures were made in the investigation being conducted by the Senate Military committee today during the grilling of Gen. Crozier, chief of ordnance.

President Wilson showed his faith in Crozier by re-appointing him.

Secretary of War Baker was flatly charged by Crozier with responsibility for the delay in providing machine guns for the American army.

## TELEPHONE BUILDING

**MANAGER DEAL GIVES SOME INTERESTING FACTS ABOUT NEW STRUCTURE**

Work on the terra cotta which will trim the inside walls of the fine new building of the Pacific Telephone Company which is going up on South Brand boulevard, was begun yesterday, and another milestone in the process of construction was passed. That sounds like speedy completion, but the officials do not expect it will be ready for them before August or September. June first was the original date set, but it has been set back two months by delays in getting material.

Glendale does not seem to realize that this investment, (approximately \$140,000) by a big corporation marks an epoch in the development of the city and that it is a declaration of faith in the future of the municipality. It is the first three-story building and the first outward sign of the budding metropolis.

When asked for details of the structure, Manager Deal hesitated as though he feared the public might not share his pride in the edifice and then good naturedly assented. "The basement," he said, "will be used for the heating and storage battery plants. On the first floor will be the commercial department and retiring and rest rooms for operators. The entire second floor will be for the plant machinery, and the third floor will be for the traffic or operating room.

"The contract price of the building is \$45,000 and the mechanical equipment alone will cost \$77,000. It will have to be equipped to the last detail before we make the change so we can step out here and step in there without disorganization, i.e., we will simply cut off connections here and dismantle this building later. This means, of course, that everything there will be perfectly new. This is the only new telephone building now being constructed in Southern California and it is also the first one that has been built in the heart of a business district. It will give us at least four times the capacity we now have, and it is so planned that another story can be added at any time.

"Although of fire-proof construction, being of concrete and brick, we have taken the extra precaution to provide for a thousand gallon tank of water on the roof for our own fire protection.

"Inside of the re-inforced concrete it will be finished in rough joint brick with terra cotta trimmings. They have just started the terra cotta work today.

"We are among the largest steady employers of help, reckoning the year through, in the San Fernando Valley."

### FATHER O'NEILL'S ANNIVERSARY

A big and enthusiastic crowd assembled at Masonic Temple Wednesday evening to celebrate the tenth anniversary of Father O'Neill's pastorate at the Holy Family Church, and to extend congratulations on the success of his labors. The sentiments of those present seemed to be epitomized in the hope that Father O'Neill would make it possible for them to meet again in celebration of his twentieth anniversary.

A very nice musical program of which J. H. Mellich had charge, was rendered. Father O'Neill gave a characteristic response to the congratulations showered upon him and a telegram from J. C. O'Leary dated Los Angeles, December 12th, was read as follows:

"In common with people of all creed and no creeds at all, the Young Men's Institute take this occasion of paying their respects to you on your tenth anniversary."

The serving of sandwiches and coffee and a social good time, closed a very enjoyable evening.

### MUNICIPAL FLAG POLE

Dr. Henry Harrower announces with civic pride and satisfaction that every lodge and organization of that kind in Glendale has either made an actual contribution or has promised a donation to the municipal flag pole fund. The doctor and his associates have been kept very busy gathering in the funds for this popular cause. The school children too have promised at least a penny apiece in order that they may have a distinct part in it. The pole is due in Glendale tomorrow and will be put up early in the week. Its golden ball will stand seventy feet above ground, or half as high again as any building in Glendale. The ball, mind you, will be covered with honest to goodness gold leaf.

## TAX RECEIPTS LARGE

**CITY OFFICIALS, PLEASED WITH RECEIPTS, PROMISE SPEEDY IMPROVEMENTS**

J. W. Stauffacher, Glendale's tax collector, reports that receipts from city taxes to date have far exceeded his expectations. They are coming in so fast that he has not been able to record all the cheques. From present indications they will reach an amount considerably in excess of the total for the first installment. This he considers the more remarkable in view of business conditions and the many demands for money in connection with the war.

City Clerk Sherer, who participated in the interview, referred to the completion of the preliminary work of opening and widening Broadway east of Glendale avenue under which 400 assessments had been levied, every one of which has been paid. This he regards as rather wonderful. "It is the intention to go ahead very soon with the improvement of the street which will be similar to the west end of Broadway," he said.

"The next improvement," he continued, "will be the opening of the Sycamore Canyon road along the Childs Tract. It will be an eighty-foot road with a reservation in the center for a car line. It will also carry off flood waters and will be of a special type of improvement for that purpose. The referees appointed by the Court have made their report, which winds up the proceedings necessary for the condemnation of the land. Now the Street Superintendent and City Engineer will go ahead and make the assessments against the abutting property, so that in a very short time the assessments will be payable. The improvement of Sycamore Canyon road and East Broadway will probably be undertaken about the same time so they can be completed before next winter."

The improvement of the canyon road, as indicated by Mr. Sherer on a map of the city, will begin just South of Acacia avenue and run north from that point. Mr. Sherer further states that eventually it would continue south from Acacia in a diagonal direction to join Brand boulevard.

### ASSIST THE NEEDY

The local relief committee of the Tuesday Afternoon club and the Federated Parent-Teacher Association, have been very busy of late, looking after the needy ones in our midst. For Thanksgiving 32 baskets of food were packed and delivered where they were most needed. Mrs. E. L. McKee, chairman, is happy to announce that the City Council have placed a vacant store, 1208 West Broadway at her disposal where people may send old clothing, provisions and anything they may wish to donate to this cause, and where some one of the committee will be in charge, certain days each week to receive these donations and see that they are properly cared for and distributed. If you have anything to give telephone Mrs. E. S. McKee, Glendale 1423-J.

### ELECTRIC LIGHTED BULLETIN

The Ladies Aid Society of the Presbyterian church have purchased a most beautiful and serviceable steel electric lighted bulletin board which has been placed on the southwest corner of the church building.

In addition to the announcement of sermon, and prayer meeting topics certain helpful daily messages are set forth for the benefit of the passerby. The gift is greatly appreciated. The Ladies Aid is one of the strong organizations of the church, and is presided over by the following officers: Mrs. W. S. Carmichael, President; Mrs. W. J. Smith, 1st Vice President; Mrs. R. P. Isitt, 2nd Vice President; Mrs. F. H. Dickman, Secretary; Mrs. E. A. Sinclair, Treasurer.

### DEATH OF W. C. STONE

W. C. Stone of 808 Lomita avenue, passed away Wednesday morning after an illness of five months. This was the first illness of his life and through it all he was cheerful and uncomplaining, his first thought being for the comfort of those about him. Services will be under the auspices of Elk's Lodge No. 99, at Booth & Boylson's parlors, 1147 South Flower street, Los Angeles, at 2 p. m. Friday with burial at Rosedale Cemetery. A wife, Hattie Stone, and a wide circle of friends mourn the loss of this good man.

### CHRISTIAN ENDEAVOR MEETING

The Christian Endeavor Society of the Lutheran church will hold its business and social meeting at the home of the Pastor and Mrs. Mottern, 1109 W. Fifth street, tonight, Thursday evening. Everybody welcome.

## TO PROHIBIT AUTOMOBILE STEALING

More than 12,000 automobile owners in this part of the State have been delegated to aid in a monster drive to curb automobile stealing in Southern California.

These owners are all members of the Automobile Club of Southern California, and each is being individually approached by the directors of that organization by letter to aid in the club's recently inaugurated campaign against the auto vandals.

Described as an "endless chain," the system is calculated to effectively work toward saving automobile owners thousands of dollars each month. What each Automobile Club member is asked to do to further the campaign is shown in the following letter sent out by the Board of Directors through Secretary Mitchell.

"Automobile thefts are increasing at an alarmingly rapid rate, notwithstanding the fact that the automobile theft bureau of the Automobile Club of Southern California has succeeded, since its inauguration three years ago, in recovering 620 stolen automobiles and in apprehending 121 automobile thieves.

"We therefore deem it advisable to make even more strenuous efforts, if possible, to put a stop to this increase in motor car theft, and to this end we are asking your zealous co-operation in assisting this bureau by reporting to it, or to your respective police authorities, whatever comes to your attention relating to abandoned cars on public or private thoroughfares, or left in public or private garages; cars being offered for sale at ridiculously low prices or persons renting private garages under suspicious circumstances; persons other than dealers offering for sale tires or accessories—in fact anything that may pertain to automobile thievery.

"Again impressing upon you the necessity of your earnest co-operation, and thanking you in advance for the same, we remain, the  
"Automobile Club of So. Calif."

Every community in Southern California is to be represented in this tremendous drive against the most subtle menace of motorists. From San Luis Obispo to San Diego and Imperial County Automobile Club members will work to circumvent the thieves who are evidently making this section of America their winter headquarters.

## FIRST RED CROSS CHRISTMAS

Something has happened. A simple and thrilling thing that brings something of real greatness to our lives, humble as they may be.

It is the observance of our first Red Cross Christmas. One can not have even the thought of its appropriateness and its significance in this world of anguish without having touched the highest thoughts of all the world—that which was given on the birthday we are celebrating—"Behold, I bring you good tidings of great joy which shall be to all people"; and that which was expressed in the Red Cross Treaty made by nations, which established that in warfare the sick and wounded of the enemy should be sacred to the Red Cross.

This is a Christmas when we can not see our new young soldiers, strong and straight of back, without visioning those others whom war has made helpless. We can not see the happiness of our children without thinking of those little ones in Europe who have starved to death. Perhaps we can not deck our children's Christmas trees without remembering that He in whose honor they are was a "man of sorrows and acquainted with grief."

In the Red Cross campaign for 10,000,000 new members during the week preceding Christmas there is scope for all our tenderness, all our richest imaginings, all our new-born power of simplicity of heart, all our possibilities of service.

The Red Cross Chapters have asked all members of the American Red Cross to take part in the simple ceremony on Christmas Eve—the placing of a lighted candle in the window shining through a Red Cross service flag on the window pane. This flag is a piece of white transparent paper, blue bordered, with the sign of the Red Cross, five inches square in the center, and smaller crosses to be added for each of the household who is a member of the Red Cross. It is an expression of service in this unexampled time—a symbol so instinctive that the Red Cross will glow from the windows of our homes over the length and the breadth of the land, sending out the Christmas message to the world, and telling not only the passerby, but our own hearts, that just as our boys and men are finding new strength in their new services, so may we through our new service

## CHEAPER CAR FARES

The suggestion of Clem Moore that a drive be started for reduced fares on the Pacific Electric is meeting with resistance in some quarters. One party opposes the proposition on the ground that it would attract to Glendale a less desirable class of citizens than now characterize our town. He declares that has been the experience in Hollywood and in Watts, which while gaining in quantity have suffered in the quality of their citizenship. There is much to be said on both sides and the question is open to debate.

## FIRST AID CLASS

First Aid pupils of the Tropico class which is being taught by Dr. William Mabry at the City Hall, are becoming more deeply interested as their work progresses. The lecture Wednesday evening which concerned the bony structure of the body and treatment should first be given for sprains, strains, dislocations and fractures, was followed with absorbed attention in spite of racket in the

## COLUMBUS SCHOOL WORKERS

Following is a list of the boys and girls of the Columbus avenue school to whom credit is due for work in the salvage department of the Red Cross. This work has not the fascination of knitting nor does it create the interest that grows out of the manufacture of articles with needle or tools. It is just plain, dirty, uninteresting but necessary labor which these children have undertaken, and from whose efforts in the collection of papers and magazines something like \$385 has been realized or is in sight. They certainly deserve some tribute of appreciation. Too much cannot be said for the patriotism of Miss Douglas, who has charge of this work and who has inspired the pupils by her example and enthusiasm.

## RED CROSS BAZAAR AND CHICKEN DINNER

Tomorrow Friday will show results of the strenuous efforts which the Red Cross ladies have been putting forth these last few weeks, in the display of the various articles made and donated by the people of Glendale for this great bazaar. Also the efforts of the Ladies of the First Christian Church in the very excellent chicken dinner promised at 6 p. m. The entire proceeds of the bazaar and dinner are for the benefit of the Red Cross society and through their efforts will come many comforts for the soldier boys, not only of Glendale and vicinity but any of those fighting under our glorious flag or the flags of the allies.

People of Glendale and vicinity be sure and give this worthy cause your every support, attend the bazaar and the chicken dinner. Music

Mrs. J. O. Smith, of 814 W. Broadway, has been ill since Thanksgiving with lumbago and a sprained back.

Mrs. Hulda Loveless, of 301 South Louise, has been very ill, but is now able to sit up for a few hours daily.

C. E. McPeak and wife have rented their home at 1501 Vine street, and have moved into apartments on Brand, just south of Broadway.

Rev. Dr. Mills, Rector of St. Mark's Church, returned to his home Tuesday evening December 11, after a two weeks stay at the Glendale Sanitarium.

This is the last day for enlistments in Los Angeles and many hundreds of young men are going to be disappointed as the recruiting officers cannot get around to them.

By special invitation the pupils of the Keller School of Dancing and Dramatic Art will attend a special childrens' matinee at the Pantages theatre in Los Angeles next week Wednesday.

Mr. and Mrs. C. H. DuBois, mother and father of Mrs. A. M. Beamon, of Maryland avenue, have arrived from Arizona. They spent Wednesday with Mrs. Beamon and went the same night to Long Beach.

Mr. and Mrs. E. U. Emery, of 117 S. Kenwood street, left last night for Camp Lewis, Washington, to visit their son, Attorney Owen C. Emery, who is Sergeant of 3d Motor Truck Co. 316 Ammunition Train.

Herbert K. Baisley, of 1545 Oak street, leaves Friday of this week on the Yale for Berkeley, where he is to report on the 15th at the school of Military Aeronautics, having enlisted in the aviation section of the Signal Corps.

A. P. McDonnell, wife and son Andy, who moved to Tacoma, Wash., last summer, have returned to Glendale to live. They were at 1427 W. Seventh before, but are now living at 508 Lomita. Mr. McDonnell is again with the Prudential Insurance Co.

Mrs. Harry Rogers and Mrs. Clark Ralph will leave for their homes in Buffalo next Sunday after a stay of ten weeks in California. They are sisters of Mrs. Robert Yost and have made many friends here who hope they will be tempted to return in the near future.

Every household within the territory of the Glendale Chapter of the American Red Cross is entitled to a Red Cross service flag providing one or more members of the family are members of the Red Cross. Apply to headquarters, 318 S. Brand boulevard for the flag.

The Christian Endeavor of the Christian church met Tuesday night at O. L. Kilborn's, 1317 Lomita avenue, in business session, and elected officers for the coming year, as follows: president, Harry Marple; vice-president, Homer Miller; secretary, Miss Lura Crouch; treasurer, Mrs. Harry Marple.

The continued dry weather is boosting the price of hay, alfalfa and oat now selling at \$33 to \$36 a ton. It is very hard to get. There are several small lots, 10 to 20 tons in each, scattered among the ranches nearby but the owners are holding it confident of higher prices as long as the rains hold off.

Wonder how many of these old G. A. R. boys know that one of Morgan's men has his home in Glendale. He is now visiting in the East but when he returns, maybe we can induce him to tell us something of his experiences with that dashing cavalry division that was such a scourge to the Union cause in Kentucky and Indiana.

Antonio Marquis landed in Glendale today on seven days' leave, to visit his mother, Mrs. Conrad Marquis, 203 E. Fifth street. As she was away from home for the day, he is being entertained today by Mrs. Henry Dreyer, 808 W. Fifth street, whose son is a comrade. Young Marquis is a seaman and is stationed at Mare Island.

Right now is the time to begin to prepare for early spring gardening. Have your ground plowed deep, first spreading fertilizer if you wish to put any on, then let ground lie fallow until time to plant, which may be January or February. Then stir well with garden plow and plant. Furrow deep for real early potatoes and plant deep. They'll surely come, though it may seem a long time if the ground continues very cold.

The list of entertainers for the evening program at the Red Cross Bazaar on Friday will include several pupils of the Keller School, viz. little Merna Kahler, who is now a professional and who will recite a piece called "Khaki," in soldier's uniform. Marie Hearnshaw will give a song and dance in Colonial costume entitled, "In the Sweet Long Ago." Beatrice and Elizabeth Taylor, two tiny tots, the smallest pupils in the school, will dance a mazourka in costume.

**NEWCOMERS IMPRESSED WITH GLENDALE'S ADVANTAGES**

Dick Mansfield and wife and his mother have moved into C. E. McPeak's place at 1501 Vine street and one of Mr. Mansfield's first acts was to come in and order the News left at his home every day. He came here from Barstow, where he conducted a mining bureau and was associate editor of the Barstow Printer. The family made five trips to Los Angeles, investigated the beach cities and some inland, but chose Glendale as the most beautiful and healthful location they had seen. Mr. Mansfield is greatly impressed with Glendale's possibilities as a manufacturing site, with its cheap fuel and water, railroad facilities and strategic location. He has located several deposits of white clay and kaolin, used in the manufacture of fine porcelain ware. None of these deposits are more than a hundred miles from Glendale. As imports of porcelain ware are greatly restricted by the war he thinks there would be a great demand for such. When informed that the people of Glendale had in mind a union P. E. and S. P. station near Broadway and San Fernando road intersection with an electric line from the present P. E. station thereto, and an industrial district north of the said site, he said he had already conceived such a possibility in his own mind after viewing that favored locality. We cordially welcome to Glendale men of Mr. Mansfield's energy and breadth of vision.

**CHAPTER L. OF P. E. O.**

Chapter L. of the P. E. O. held its regular all day meeting Wednesday, December 12th at the home of Mrs. W. W. Ramsay, 437 South Adams street. This was Chapter L's Christmas meeting, and Mrs. Ramsay's spacious home was beautifully decorated with poinsettias and holly. Assisting hostesses were Mrs. A. W. Tower, Miss Mary Blackburn and Miss Ruth Byram.

The forenoon was given to the regular business session which adjourned at 12:30 for luncheon. Mrs. Warren Roberts was in charge of the afternoon musical program which was greatly enjoyed. Mrs. Alexander Mitchell gave two piano numbers by the little known Norwegian composer Trygve Torjuffen, which were a great treat. Mrs. H. E. Bartlett played a Beethoven Sonata and gave an interesting biographical sketch of the great composer. A quartette consisting of Mrs. H. D. Goss, Mrs. A. L. Bryant, Mrs. T. E. Maxwell and Miss Ruth Byram sang two Christmas songs. The program closed with a clever guessing contest in which Mrs. Roberts played strains from thirteen classical compositions, the melodies familiar to almost everybody but the names so hard to remember. An appropriate prize of a picture of six master composers was awarded Mrs. Emma Burket.

Mrs. Freeman Kelley of Chapter B. A. Glendale, Miss Motley, of Chapter P., Oregon City, Ore., and Miss Myra Bartlett of Chapter O., Pomona, were guests for the day.

**LUNCHEON AND MUSICAL**

An elaborate three-course luncheon and musical was given by Mrs. Colin Cable, of 755 South Columbus avenue, in honor of Mrs. Harry Rogers and Mrs. Clark Ralph, of Buffalo, and Madame Katharine Shank. The guest list also included Mesdames Robert Yost, Samuel Stoddard, L. M. Hagood, Stillman Chase, C. M. Turk, L. V. Ashton, Theodore Pearce, Frank N. Arnold, W. W. Ramsey, Grover Cable and Haskell Lapham.

The table which was spread with a beautiful Cluny lace luncheon set was centered with poinsettias which also featured the hand-painted place cards. Pink Cochet roses were used in the floral decoration of the living rooms.

The outstanding feature of the program which followed the luncheon were the vocal numbers contributed by Madame Shank for which Mrs. Hagood furnished the accompaniment. Mrs. Grover Cable read delightfully, and Mrs. Turk charmed everybody with some characteristic stories.

**BOND HOLDERS FRIGHTENED**

City Clerk Van Wie of Tropic, in response to numerous inquiries, is advising the public that the Security Investment Company of Riverside is not authorized to take up any bonds for street improvement which have been issued in Tropic; that notices will be sent out from the Treasurer's office and that all moneys are due and payable at the City Treasurer's office; that the interposition of the Riverside firm has not been sanctioned by the City Treasurer or any city official. This Riverside firm is advertising the fact that it will loan money to make payments on the improvement bonds, and the City Office has been repeatedly called up by inquirers who have been frightened by the letters received, fearing their interests were in danger. Mr. Van Wie is of the opinion the matter should be brought to the attention of the District Attorney for investigation.

**HOUSEKEEPERS TAKE NOTICE**

Mrs. Hazard will be at the City Hall in Glendale next week Wednesday instead of Tuesday morning, from 10 to 12 o'clock. She will talk and demonstrate on "Christmas Goodies," which should prove a most attractive theme at this time.

**TUESDAY AFTERNOON CLUB HAS MUSICAL PROGRAM**

The announcement that the California Operatic Quartette would present the program at the Tuesday Afternoon Club meeting Monday brought out a large and discriminating audience, including a number of out of town guests. The gifted artists were Mrs. Whitehorn, lyric soprano, Clemma Budlong, contralto, Forrest Routt, tenor, Edward Ruenitz bass, and Edgar F. Vance, director and accompanist. The following operatic selections were delightfully rendered:

Barcarolle, "Tales of Hoffman" (Offenbach)

"Solenne in quest' ora," "La Forza del Destino" (Verdi) Mr. Routt, Mr. Ruenitz.

Vio La Sapete, "Cavalleria Rusticana," (Mascagni) Mme. Whitehorn, Mr. Ruenitz.

"O du mein holder Abendstern," "Tannhaeuser," (Wagner) Mr. Ruenitz.

Sextette "Lucia," arranged for the quartette (Donizetti.)

"O del mio dolce ardor," "Helen and Paris" (Gluck) Mr. Routt.

"Ai nostri monti," "Il Trovatore," (Verdi) Clemma Budlong, Mr. Routt.

Scene, "Cavalleria Rusticana," (Mascagni) Mme. Whitehorn, Mr. Ruenitz.

"O mio Fernando," "La Favorita" (Donizetti).

Quartette, "Rigoletto," (Verdi).

The music section, of which Mrs. Frank N. Arnold is curator, was responsible for the program.

At the conclusion of the program, Miss Margaret Goetz was introduced by the president, Mrs. Wm. W. Ramsay. Miss Goetz gave an interesting talk on the work of the Los Angeles Music Settlement among the foreign children, especially the Italians and Russians who are such natural lovers of music. She has promised that Glendale shall have an opportunity to hear some of these gifted children in the near future.

Mention was made of the municipal flag raising scheduled for the afternoon of the 18th, and Mrs. Ramsay suggested that club members contribute as liberally as possible toward the purchase price of the pole, as a sufficient sum had not as yet been guaranteed.

Mrs. Mabel Franklin Ocker spoke in reference to the Christmas Red Cross drive, which starts Monday the 17th and called for workers.

Mrs. John Robert White read a letter from the secretary of the Los Angeles Y. W. C. A. setting forth the splendid war work being done by that association. A motion was also made by Mrs. White, which was carried, empowering the executive board to vote a sum to this worthy cause, the amount to be decided upon by the board.

After the usual sectional announcements by the curator, the president declared the meeting adjourned, the minutes having been previously read and approved.

**TOURNAMENT TO BE BIGGEST EVER**

Thirty-five or forty Southern California cities are preparing to enter floats in Pasadena's Rose Tournament parade New Year's Day. They are co-operating even more enthusiastically than in the past this year because the theme of the tournament is to be patriotic and because the entire net proceeds will be turned over to the Red Cross.

Those in charge of the wonderful floral pageant assert that it will be a more magnificent spectacle than any that have gone before. Every year sees an improvement in the great event. This year special efforts are being put forth to attain a new high mark in attendance and general success, on account of the worthy

Red Cross cause that is to benefit by the tournament.

The parade will have three big features. The first will be the parade of floral floats in the morning. In the afternoon comes the football game between east and west, and the day's festivities will conclude with a brilliant ball at one of Pasadena's big hotels in the evening.

Years ago the tournament passed that stage where it was an event of purely local significance and is now regarded as a Southern California institution, in which every community in this part of the state has almost an equal interest with Pasadena, for it advertises to the world at large, as nothing else could, that this is a land of sunshine and flowers at a time when the east and north are shivering in wintry blasts and wallowing through snowdrifts.

The football game in the afternoon is an affair that arouses international interest, and attracts the biggest crowd of the year in Pacific Coast territory. It is generally regarded as establishing which part of the country, east or west, plays the best football.

While all Southern California co-operates in making the tournament the remarkable success it always is, the central management must, of necessity, remain in the city where the pageant is staged. As it very well known, the tournament is a civic affair and in no way a private enterprise. All the officers, committees and other workers, with the exception of the secretary, who is paid a few months every year, work without salary or reward of any kind other than the feeling of satisfaction that comes with the knowledge of work well done. Men responsible for the tournament's success are among the most prominent and busy professional and business men of the city, but for three or four months every year their private interests stand second in

their thought to those of the tournament, and they give of their time and their energies without stint in arranging for the pageant.

**A MUCH SOUGHT PREACHER**

A remarkable instance of the job seeking the man and that man a preacher is now being witnessed at Long Beach. Three years ago Geo. P. Tautman was called to the Christian church of that city from Tulsa, Okla., at a salary of \$3000 a year. He has done a wonderful work for the church there, building it up in numbers and good works and is in the midst of a campaign for erecting a new up-to-date building. He is also closely identified with the city's civic enterprises, as his cordial manner and democratic ways endear him to all. Recently Tulsa sent him an urgent call to return to that city, offering a big salary and other inducements. Long Beach immediately advanced his salary and urged the necessity of his remaining to complete the work in hand, and a letter was written to the Tulsa church stating this view. Tulsa replied that they needed him just as badly and good-naturedly, but firmly reiterated their demand. Then the president of the Long Beach Chamber of Commerce took a hand and wrote the Tulsa church board that Long Beach as a city needed Elder Tautman to help them work out plans for civic betterment as his energy and his influence were mighty factors in the work. The Tulsa church took this letter to their own Chamber of Commerce and that body through its president, replied that their plans for civic betterment and moral uplift needed Elder Tautman as badly as did Long Beach. So far, the minister has been a passive bone of contention and his decision in the matter is anxiously awaited.

At points where the Easterly boundary line of the City of Glendale is intersected respectively by the Northeastern and Southwestern lines of the Right of Way of the Glendale and Montrose Railway, the grade shall be respectively 604.24, 603.33, 603.10 and 602.10.

That between these points, the grade shall conform to straight lines joining those points on the same side of the street, excepting that the

## LA CANADA

Since buying the two adjacent ranches from Mrs. Emily Granger and Jos. Dietl, Judge Sargent has made many improvements. The Dietl house has been re-built, much grading, planting, piping and fencing have been done, to all of which the places have responded by their prosperous appearance. The judge is now building a reservoir that will hold a half million gallons of water. This is located on a hill at or near the north line. All these and other improvements together with the water holdings in the La Canada Valley Co., and the development of water on the ranch makes Judge Sargent's place one of the most valuable and beautiful spots of our valley. There is a most surprisingly inspiring view from an eastern eminence.

Anton Williams's new house is nearing completion. There have been many laudatory remarks made about it. All parts of the house show Mr. Williams's care of detail in work and beauty. The completion of the residence will go far to make us forget the sadness felt when their former house was burned.

Earl A. Potts is making an addition to the prosperous appearance of Homewood avenue. His new house of gray combined with heavy mason work is quite fine.

Gray seems to be the favorite color of 1917 in the valley. Mr. Schiefelin's, Mr. Johnson's and Mr. Scow's new bungalow are all that shade.

Looking across Homewood avenue, near the top of Montrose hill is the new Davenport home. Mr. Davenport bought the old Heath place.

Flintridge has at least eight new houses. Four of them are bungalows of more or less pretensions. The other residences in process of building are larger, presenting many various types or styles. Swimming pools and like comforts are included in some. Two or three have a value of about \$35,000 each. Wealthy men of Pasadena are building them, some of

points of intersection of the grade lines on the North and South lines 542.45 feet East from the East line of Adams Street, 177 feet West from the West line of Olive Street, 40 feet and 1758 feet East from the Southeast corner and 495 feet and 1195 feet East from the Northeast corner of Verdugo Road and Broadway, and 40 feet West from the Northwest corner of Eagle Rock Road and Broadway shall be the points of intersection of tangents of parabolic vertical curves which shall extend respectively 50 feet, 100 feet, 40 feet, 40 feet, 200 feet, 100 feet and 40 feet East and West from said points of intersection and that said curves shall supplant the straight lines within said limits.

The grades given are in feet above the City Datum Plane, are established on the property lines of the street, and refer to the top of curb.

The profile of Broadway designated and marked "Profile No. 732," on file in the office of the City Engineer of the City of Glendale, which more particularly exhibits the grade herein described is hereby referred to and made a part hereof.

SECTION 2. That the proceedings for the aforesaid change of grade shall be under the provisions of the Act of Legislature of the State of California, designated and known as the "Change of Grade Act of 1909," approved April 21st, 1909.

SECTION 3. The Glendale Evening News, a daily newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution and notice of the passage thereof shall be published in the manner and by the persons required by law.

SECTION 4. The Superintendent of Streets of said City is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by six insertions in said newspaper in the manner required by law.

SECTION 5. The City Clerk of the City of Glendale, is hereby directed to post this Resolution conspicuously for two days on or near the chamber door of the Board of Trustees of the City of Glendale, and to cause the same to be published by two insertions in the manner required by law, in said newspaper.

Adopted and approved this 11th day of December, 1917.

President of the Board of Trustees of the City of Glendale.

whom are Mr. Jutten, Mr. Hamilton, and Mr. Magore.

Our library contains about 1200 books. Generally speaking more books of fiction are drawn than of all other classes. Here the fiction is on the average, only about 50 per cent. Two new books of considerable merit are on travels in Japan and in Mexico. Eleven periodicals are to be found for reference and circulation, including Harper's, Century, Worlds Work, Review of Reviews, St. Nicholas and Ladies' Home Journal.

Wm. McMullin has had news of the second promotion of his son in four months. Corporal McMullin is now Sgt. H. O. McMullin of Co. A., 4th Regiment Engineers. He is stationed at Vancouver, Wash. He enlisted from San Francisco.

Married—Edward W. Jewett and Hazel G. Swan on December 1, at 8 o'clock at the bride's home in Norwich, Conn. Mr. Jewett is a sergeant in the Coast Defense.

Harry Hayman, who has been seriously indisposed for some time is recruiting at Lake Elsinore. Hunting and fishing, he reports are very good.

Hubert Bentley telegraphed Mrs. Bentley from New York that he had landed and would be home as fast as steam could bring him. We may look to see him the latter part of this week. A most welcome surprise to Mrs. Bentley and friends. You will recall the live letter from the French front which Tri-City readers have enjoyed occasionally. Mr. Bentley went on 'his own' to France where he enlisted in the transport service for six months. After a short rest he will again enlist, under the American flag.

Red Cross work room was opened all day Tuesday as is becoming the custom. Workers are welcomed at all hours of the day after 10 a. m. Tea was served by Mrs. Fenton Knight and Mrs. Ashworth. Mrs. H. L. Cooper reports that 3000 packages of dressings were sent to the front from Pasadena.

A uniform has been designed for each grade or kind of Red Cross workers, so that her rank can be recognized wherever met in any part of the United States.

Volunteer business men of national prominence have been placed in charge of supply depots in France. They give up their private interests, pay all their expenses and work for the period of the war without compensation. Are we individually doing what we can to back up such generosity?

Georgene Faulkner, of Chicago, the famous "Story lady" has written a book for children which is now the property of the American Red Cross. It has been vouched for and recommended by Prof. J. N. McCracken, president of Vassar and National Head of Junior Red Cross work. It was put on the market December 1, for 50c. The title is "Red Cross Stories for Children."

The Red Cross responded very speedily to the need in Halifax.

The Girls' Club which sews for French orphans meets Friday evening at Mrs. Goddard's on Fairview avenue. At the last meeting one of the girls brought flannel donated by Mrs. Flint from which a number of garments were cut, partly made and carried home to be finished. The blizzard raging in the east will quicken the realization of the needs of the bits of orphaned humanity.

Mrs. Richard Lea has been going to Pasadena and getting work from the Belgian Relief workers, for some considerable time past. She is an indefatigable worker and has completed many garments. Mrs. Lea is also a busy Red Cross worker.

Mrs. Miller of La Canada boulevard has as a guest her mother, Mrs. J. H. Collins of Fort Dodge, Iowa, who arrived Friday of last week.

Mrs. A. L. Hamilton's address had a large and attentive audience at the P.-T. A. meeting last week. "Play-Grounds and Apparatus" were demonstrated as needs. After the business was disposed of another talk by Mrs. Hamilton on "Small Beginnings" which was clever, bright and humorous, was given. Tea was served and enjoyed.

Dr. Ernest B. Hoag, a prominent M. D. who has collaborated with Dr. Lewis Terman of Leland Stanford, in the production of a treatise on "School Health" paid a business visit to the schools Monday morning. Dr. Hoag made an examination of the scholars and sent reports on the same to the parents. It might be a good idea to act on the advice of this specialist. It might mean much to the future health and ability of many children. Some arrangement will probably be made to aid those who for any reason would be unable to attend to it themselves. Dr. Hoag congratulated La Canada on the hygienic location and beautiful setting of the school house. There are 54 pupils in the two schools, 21 in the upper grade and 33 in the lower.

Miss Hansam's scholars went up one of the canyons for holly on Tuesday.

La Canada Thursday Club met with Mrs. F. Holden as hostess. Roll call responses were "Some Hindu Beliefs." A paper on Benares by Mrs. Johnson. Another paper on "Child Welfare Laws" by Mrs. Brooks.

were the literary features of the afternoon. The social hour followed.

The schedule for the Municipal Christmas tree is working out finely. Committees from the church, the Sunday School, the P.-T. A., the Red Cross and the Improvement Association, together with the teachers of the schools are working steadily towards a harmonious whole. The Improvement Association has assured part of the expenses as the church has also. Personal contributions are being received and more are confidently expected. Remember it's a community tree. There will be fruit on it for every single child in the valley without exception. Volunteer helpers might report to Mrs. Seright subject to call. Do your part some way.

The Improvement Association meets Saturday night for election of officers for 1918. There have been special preparations made for a community sing. Come and join in.

The Foothills Valley Federation, representing Sunland, Tujunga, La Crescenta and La Canada was dated to meet for the election of officers for 1918 at La Crescenta school house Monday, December 10. A delegation made up of P. H. Johnson, H. L. Cooper, E. H. Brooks and W. R. Jewett went from here and met the delegates from Sunland and Tujunga. None from La Crescenta materializing the school house remaining dark, the delegates returned home.

Ranch men of Los Angeles county met at Blanchard hall on Tuesday and enthusiastically organized the largest Farm Bureau in California.

Chairman Hamilton of the Board of Supervisors promised his aid in getting the board to vote \$7000 for the work. One Farm Bureau director and five assistants are thought necessary for the county. Local directors will be elected in each community. The bureau is an important war measure to assist in agriculture. One of the

notable speakers was Harold Powell, administrator of perishable food products under Herbert Hoover at Washington. La Canada and Sunland have 75 behind the movement with P. H. Johnson as chairman. Mr. Jewett, Mr. Williams and Mr. Johnson attended from here.
